

# 24-25 YR Sponsorship

**FIRST Robotics Competition (FRC) is an international high school robotics program that combines the excitement of sport with the rigors of science and technology. Created by the nonprofit organization FIRST (For Inspiration and Recognition of Science and Technology), FRC challenges students to work as teams to design, build, and program industrial-sized robots to compete in an annual game.**

**DeMolay  
Dynamics  
FRC Team 10323**

DeMolay Dynamic Team 10323 is apart of the Florida Jurisdiction of DeMolay International and the Florida John Bates University (JBU) Education Progam. As a Masonic Youth program we hope to instill the morals and vaules while providing a safe enviroment allowing our youth to gain knowledge, skill and leader experiences

JOHN BATES  
UNIVERSITY

This is the first year of DeMolay Dynamic FRC Team 10323, a state based team spanning the entire state of Florida. Our FIRST Robotics team is being offered as a new evolution of the John Bates University (JUB) program offered by Florida DeMolay. We hope to teach, train, and instill knowledge from the FIRST Robotics experience.

John W. Bates University is sponsored by Col. James "Nick" Rowe Priory as an educational program for the DeMolays, Advisors, Sweethearts, and all members and guests to our DeMolay family. Courses have been designed and taught by Active Sir Knights, Advisors, and Sweethearts. The University awards degrees based on credits attained from attending courses, as well as taking and passing examinations. Credits can also be attained from taking additional DeMolay training, applying for awards, independent study, and leadership conferences.

The mission of the John W. Bates University of DeMolay Knowledge is to provide a program of voluntary educational experiences to the active DeMolays and Advisory Council of the Jurisdiction of Florida. To this end, the University shall develop and offer classes and other "events" of an educational nature on DeMolay and non-DeMolay material. The non-DeMolay material would be designed to help improve the students in their "all-around development" as inculcated by the Representative DeMolay program. Courses are designed to be taught within a hour long period, including an optional ending examination. Courses include multimedia content and interactive activities as often as possible to engage all groups. Courses are designed from confirmed sources and often use personal experiences from the instructors. Courses often also include discussions with the audience to incorporate as many viewpoints as possible.

The University will schedule these classes on a regular basis at summer and mini conclave. Additional classes will be held at the request of the State Master Councilor, his staff and or Deputies, the Illustrious Knight Commander, or his deputies, Executive Officer, State Staff, or Chapter Advisors. In addition to traditional classes, the University shall utilize "knowledge games", independent study options, and guest speakers on topics appropriate to the mission of the University.

## What is DeMolay?

We are the premier organization based on timeless principles, committed to developing and inspiring leadership, team building, and networking for young men ages 12 – 21. Through tried and true methods of team building, mentorship and leadership development, and community engagement, our members stand out against the rest.

## Mentorship

For over 100 years, DeMolay International has brought members together as mentors to be the best they can be.

## Fun

DeMolay wouldn't be over 100 years old if we didn't have much fun! Our Chapter members from all over the world plan and host fun events they want to do. Like paintball? There's a Chapter doing it. What about community service? You guessed it –we have members planning incredible events giving back to their communities.

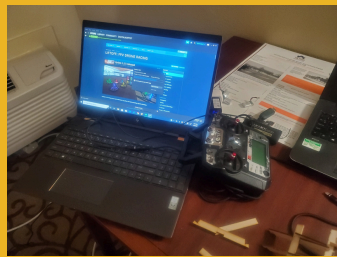

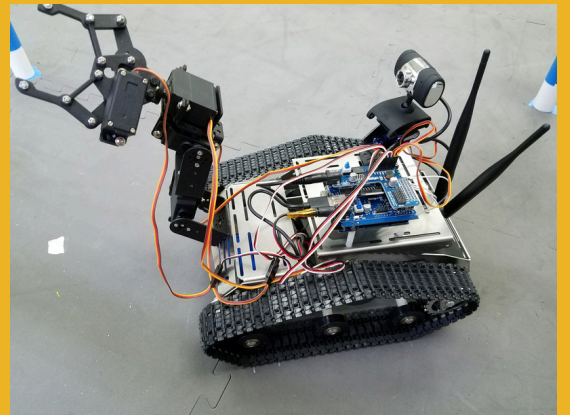

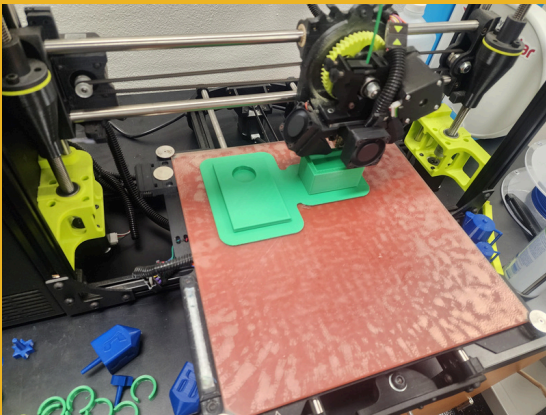

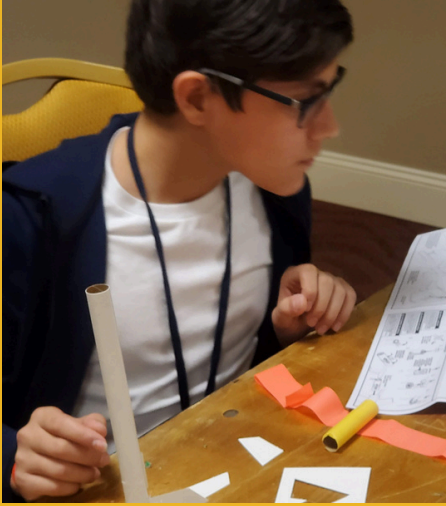

## Leadership

The success of DeMolay comes by putting the emphasis on our youth leaders and encouraging them to lead. While our adult advisors stand by their side, they step in when needed to support the members of the Chapter.'

# FLORIDA DEMOLAY

# STEM

2024-2025 Sponsorship Proposal

# TOTAL PROJECTED EXPENSES

Value	Descriptions
\$6,000	Team Registration *Includes one event* Orlando Regional (March 19-22)
\$3,000	South Florida Refional (April 02-05)
\$3,000	Tallahassee Regional (March 12-15)
\$5,750	** Additional Potential Events: and/or World Championship
\$3,000	Robot parts / Supplies (materials, parts, & kits)
\$3,000	Equipment (tools, pit & trailer)
\$3,000	Team Merchandise/Materials

**\$26,750**

Sponsorships are vital to the success of an FRC robotics team, as they provide essential resources and opportunities for students to thrive in the program. FRC teams operate like small engineering firms, requiring funding to build competitive robots, attend competitions, and invest in student development.

# DEMOLAY DYNAMICS SPONSOR LEVELS

## Title/ Presenting Sponsor \$5000+

- Top sponsor's name announced alongside DeMolay Dynamics at competition and at all events
- Large logo on robot & pit display
- Robot Demo at location of choice
- All benefits from Platinum, Gold, Silver and Bronze

## Platinum \$2500+

- Name announced at competition
- Medium logo on robot & pit display
- Recognition on Slate plaque
- All benefits from Gold, Silver and Bronze

## Gold \$1500+

- Small Logo on robot and Newsletter/Media Releases
- Logo on robot
- All benefits from Silver and Bronze

## Silver \$750+

- Promotion on team website
- All benefits from Bronze

## Bronze \$200+

- Promotion on Social Media
- Team-signed Thank You Card
- Monthly Newsletters

***Your sponsorship will help us buy parts and tools for building the robot, register and attend competitive events, and fund transportation costs. All contributions are tax deductible.***

**Please make checks payable to "C. Allen Pattison Chapter", including "DeMolay Dynamics" in the Memo. Mail both the below form and your check to 4291 Dekle Ave, North Port, Florida. We appreciate your contribution and look forward to working with you!**
